Customer Feedback

"Having experienced Suzi's excellent home cooked foods I can thoroughly recommend her to you. Not only is Suzi very helpful and friendly but thoroughly professional and well organised. I got exactly what I was looking for i.e. high quality home cooked food that was of good nutritional value, beautifully prepared and presented as well as there being plenty of it.

Suzi is well informed on food allergies and intolerances and caters well for Vegetarians and Vegans.

Thank you Suzi for doing all that I asked and more! I will be back next time there is an occasion in the family and will certainly recommend. "

Maz Shrubbs

"Suzie has provided several different food services to me over the last couple of years. Firstly, she made and delivered good quality and excellent value individually frozen meals to my Mother every week whilst she was alive, amending the recipes to my Mother's likes and preferences over time.

Secondly, following my Mother's death she did all the catering for the wake of about 50 people – provided great ideas for an appropriate menu for the occasion. This was then all beautifully produced, delivered and served by Suzie and her team at the wake - leaving the family to be able to concentrate on the funeral event.

Thirdly, Suzie has, for 2 years, provided the food for a week long tennis tournament run at my local tennis club each June involving 150 players and 100 or so spectators. For this, she provides catering all day with a comprehensive menu for all needs e.g. from a snack to a full meal. This was done with excellent service.

So, in summary, a varied, excellent and flexible service provided with a smile and good quality price!"

Mr Neil Crawford

"Suzanne provided the catering for approximately 80+ people, some of whom were vegetarian and strict vegans. The food was excellent, well presented and there was a good variety of finger buffet and plated choices . I have no hesitation in highly recommending Suzanne as a first class and reliable caterer."

Mr Stephen Legg

"Sue catered for a wake for 18 people. She provided a wide variety of savoury and sweet, hand made, finger foods, including a good selection of vegetarian and non vegetarian. All the dishes were labelled and laid out ready for our return from the service. It was excellent value and we would definitely recommend Sue and use her services again."

Mrs Daphne Ormerod
